For the Love of the Game

You are joining a premier private golf club in the heart of the island of Montreal. It is located in Pointe-Claire, Quebec near the shore of Lac St Louis, a short drive from downtown Montreal and minutes from the Pierre Trudeau International Airport. The Beaconsfield Golf Club is one of the oldest golf clubs in Canada in the same location. It was founded in 1904 and is rich in tradition. One of the buildings on site dates from 1860, well before the founding of the Club.

World renowned Canadian architect Stanley Thompson left his mark on the layout and features of the course in 1941. The Club has hosted many international events, several LPGA events and more recently the Canadian Amateur championship.

You and your family will enjoy an excellent facility with golf events and activities designed for all calibers of play (including family days that allow even small children and other family members that do not play often to enjoy an outing), an excellent junior and instructional program to enhance your enjoyment of the game. Several graduates from our junior program have received university golf scholarships.

Our dining facilities and services are geared for both business and family use. Our chef prepares succulent dishes for family outings as well as for lunch or after golf dinners, brunch, business meetings or outside tournaments and weddings.

Value added

You also benefit from reciprocal arrangements with clubs in most major Canadian cities. In addition, playing members automatically join the Forest and Stream Club, one of the finest business/dinner clubs in Montreal.

How to become a member

Our General Manager will introduce you to members and help you complete the application form. She will explain the various membership categories designed to suit your financial and playing requirement needs. There are special programs for younger golfers and those who have recently retired. Payment plans can be arranged with the General Manager. Entrance fees are exclusively allocated to course and club house improvements.
